The Annual Family Day Cookout will be held at the picnic pavilion on October 28th, 2023. Volunteer Chevrolet is sponsoring the event and will be cooking and providing fixings. It's a great day to meet and greet other members. It's also a great time to renew your membership and perhaps win a door prize and check out some new vehicles.

NEWSLETTER: You may view our current newsletter at anytime by going to our website:

Then move the cursor over the heading **ABOUT US** and clicking on **NEWSLETTER** from the dropdown menu.

FOR SALE: As a service to GSC members, we will place a for sale advertisement for your firearm in the current monthly newsletter for free. Simply email gatsport@live.com with a description of your item, the asking price, and the email address or phone number by which you prefer to be reached. A picture of the item may also be shown with your ad. Ads for items which include a picture will attract much more attention than just a verbal description.

TRASH ON THE RANGE: Once you are done shooting, please remove your targets from the target holding board and place them in the trash container—OR— better yet take them to one of the county's trash convenience centers.

Targets left on the target boards will get wet the next time it rains and fall off of the target holding board and trash up the range. Then when the groundskeepers mow, the trash get shredded and multiplies the trashy appearance.

Food waste attracts critters, please police up your food waste and take it with you, trash cans are not emptied daily. Wasps and Hornets have been sighted on ranges, please be aware. The Club has had them dealt with, let us know if you see any.

PLEASE help us keep the range looking good by taking away your trash.

DPMS Panther 223/5.56. I paid \$700 on 2012 but the price has dropped. Only 60 rounds fired through it. \$525.
William Human: featherman35@yahoo.com

M1 Garand, Winchester made less than Springfield. More liked. \$1595.
William Human: featherman35@yahoo.com

Made for Springfield by the same company that produced the FAL after the FAL was banned by the USA. The FAL and SAR-48 parts are interchangeable. Eventually the SAR-48 fell under the assault weapons ban making it highly sought after by collectors and potential owners alike. Four 20 round mags included. Not even 200 rounds fired through it. \$3195
