

Gatlinburg Sportsman's Club

March 2024 Newsletter

March Meeting Highlights

- The meeting was held at the King Family Library on March 14, 2024. 16 members were present.
- A motion to donate \$1000 to the Gatlinburg Children's Trout Fishing Tournament passed.
- The treasurers report was accepted as presented.
- The minutes were accepted as presented.
- Electric service to the Tree Beard property is still being pursued, the club needs permission from an adjacent property owner for Sevier County Electric to cut trees and make power available to the Club. The owner lives out of state and is difficult to reach.
- The lease on the King Branch property is being revised by an attorney prior to being signed.
- The spreading of gravel on the main road has been delayed by rain and the road surface needs to be smoothed before application.
- A motion to spend up to \$250 on a cellular repeater for the shotgun ranges passed.
- The discovery process for integrating surveillance cameras into the gate computer has been tabled until the April meeting.
- The meeting was adjourned.

2024

LISTEN UP

NEWSLETTER: You may view our current newsletter at anytime by going to our website:

<http://www.gatlinburgsportsman.com>

Then move the cursor over the heading **ABOUT US** and clicking on **NEWSLETTER** from the dropdown menu.

FOR SALE: As a service to GSC members, we will place a for sale advertisement for your firearm in the current monthly newsletter for free. Simply email gatsport@live.com with a description of your item, the asking price, and the email address or phone number by which you prefer to be reached. A picture of the item may also be shown with your ad. Ads for items which include a picture will attract much more attention than just a verbal description.

TRASH ON THE RANGE: Once you are done shooting, please remove your targets from the target holding board and place them in the trash container—OR— better yet take them to one of the county's trash convenience centers.

Targets left on the target boards will get wet the next time it rains and fall off of the target holding board and trash up the range. Then when the groundskeepers mow, the trash gets shredded and multiplies the trashy appearance.

Food waste attracts critters, please police up your food waste and take it with you, trash cans are not emptied daily. Wasps and Hornets have been sighted on ranges, please be aware. The Club has had them dealt with, let us know if you see any.

PLEASE help us keep the range looking good by taking away your trash.

**HANDGUN
STEEL TARGET
RANGE RULES**

DO NOT SHOOT STEEL TARGETS
CLOSER THAN 30 FEET

SHOOTERS & SPECTATORS MUST
WEAR EYE & EAR PROTECTION
