NEWSLETTER: You may view our current newsletter at anytime by going to our website:

<http://www.gatlinburgsportsman.com>

[Then move the cursor over the heading ABOUT US and clicking on NEWSLETTER from the dropdown menu.](#)

FOR SALE: As a service to GSC members, we will place a for sale advertisement for your firearm in the current monthly newsletter for free. Simply email gatsport@live.com with a description of your item, the asking price, and the email address or phone number by which you prefer to be reached. A picture of the item may also be shown with your ad. Ads for items which include a picture will attract much more attention than just a verbal description.

TRASH ON THE RANGE: Once you are done shooting, please remove your targets from the target holding board and place them in the trash container—OR—better yet take them to one of the county's trash convenience centers.

During the 2022 Holiday Dinner December 8, GSC President Rick McReynolds presented Mike Cravy with a Certificate of Appreciation.

The Members of the Gatlinburg Sportsman's Club are pleased to honor
Mike Cravy

for his years of constant support and guidance.
 8 December, 2022

David Brett presents one of his custom made birdhouses to Clarence Voyles in recognition of Clarence's 1st place win in the Sunday Trap Shoot held on December 18, 2022.

Targets left on the target boards will get wet the next time it rains and fall off of the target holding board and trash up the range. Then when the groundskeepers mow, the trash get shredded and multiplies the trashy appearance.

Food waste attracts critters, please police up your food waste and take it with you, trash cans are not emptied daily. Wasps and Hornets have been sighted on ranges, please be aware. The Club has had them dealt with, let us know if you see any.

PLEASE help us keep the range looking good by taking away your trash.
